

ASHFORD SCHOOL OGA CHARITABLE TRUST REPORT

Following the name change from OGA to ASA, it would seem appropriate for the Trust also to change its name, and this will be discussed at the forthcoming Trust's AGM to be held in November 2008.

An application was made by a student following a BA (Hons) course in textile design at the University College for Creative Arts at Farnham. The Trustees approved a grant, to enable her to take part in a trip to Japan, which will highlight how traditional methods of weaving and print design can be used in the ever changing world of fashion.

The Trustees also approved an award to assist a student in her vacation studies at Merton College, Oxford, for her finals, relating to T.S. Eliot's non-fiction writings.

Letters have been sent to 28 July 2008 leavers living in Kent and Sussex, advising them of the Trust. The Trust would welcome financial support to enable it to expand its activities.

Sandra Noel
Trustee
